### PRODUCT SPECIFICATIONS

|                     |                           |
|---------------------|---------------------------|
| Weight              | 50 lbs                    |
| Phases              | <a href="#">1</a>         |
| kVA                 | <a href="#">7.5</a>       |
| Connection          | <a href="#">1PhA-NT-1</a> |
| Primary Voltage     | <a href="#">480</a>       |
| Primary Max Current | <a href="#">15.6A</a>     |
| Primary Markings    | <a href="#">H0-H1</a>     |

|                            |                                                                                                      |
|----------------------------|------------------------------------------------------------------------------------------------------|
| Primary Terminals          | <a href="#">Terminal Blocks</a>                                                                      |
| Secondary Voltage          | <a href="#">240</a>                                                                                  |
| Secondary Max Current      | <a href="#">31.3A</a>                                                                                |
| Secondary Markings         | <a href="#">X0-X1</a>                                                                                |
| Secondary Terminals        | <a href="#">Terminal Blocks</a>                                                                      |
| Primary Taps               | <a href="#">N/A</a>                                                                                  |
| Conductor Material         | <a href="#">Copper</a>                                                                               |
| Insulation Class           | <a href="#">220°C</a>                                                                                |
| BIL (Insulation) Level     | <a href="#">10kV</a>                                                                                 |
| Efficiency                 | <a href="#">N/A</a>                                                                                  |
| Impedance                  | <a href="#">2.5 – 4.5%</a>                                                                           |
| Sound (db)                 | <a href="#">50</a>                                                                                   |
| Enclosure Type             | <a href="#">NEMA 1</a>                                                                               |
| Enclosure                  | <a href="#">E1-2</a>                                                                                 |
| Finish                     | <a href="#">Polyster Powder Coat – ANSI/ASA 61 Grey</a>                                              |
| Standards & Certifications | <a href="#">CSA Certified File No. LR34493, UL Listed File No. E108255, ISO 9001:2015 Registered</a> |
